Summarize changes done to your draft pointing exact paragraphs where changes were made

I changed the first paragraph, AKA the introduction, so that it is more concise and compact by moving some points to the second paragraph which discusses the biography of Karajan. The introduction now is more useful, it reveals the subject, and few characteristics of it, such as he is famous for what, why he is famous.

Original: 104 words

He dedicated one third of his live to the classical music as a conductor, during his career on classical music, he shall be the most remarkable figure. He started his music career when he was even a kid, soon after he devoted himself and studying conducting. Herbert von Karajan is one of the most well-known conductor, who is most known for the classical music beginner, due Karajan's enormous amount of records. Without doubt, many reason contributed to Karajan's mega fame in the field, but his unique, strict training style and the huge amount of music publish must be the essential among many of those.

Modified: 81 words

He has dedicated one third of his live to classical music as a conductor during his career on music, and he shall be considered an extraordinary musician. Herbert von Karajan is the one of most well-known conductor at all time, who is most known for those who firstly step into classical music. Without doubt, there are many reasons contributed to Karajan's mega fame, but his strict training style and the huge amount of music published most likely be the essential attribution.
